What Will You Build?
Hope For The Future,
Better Communities, and
Stronger Families

MEET Aaron & Andi

For Aaron and Andi, moving back to Colorado has meant making things work in any way possible even if that's living together with several other family members to make ends meet. Despite close quarters, they've learned to dream big dreams of hiking the entire Appalachian Trail, traveling abroad to experience more of the world, and yes, of owning their own home in which to raise their young children.

They applied for the Habitat program with high hopes of making their dream come true. When they learned they had been selected to build and purchase their own Habitat home, they felt speechless. Andi says, "A huge weight that we had been carrying was lifted the second we saw those balloons." Owning a home means finally putting down roots in the Fort Collins community and the opportunity to open their home for game nights, dinners, and celebrations of all kinds. "We hope to bless and serve others with our home, food, resources, and anything else we can offer."

**GET INVOLVED AND PUT YOUR
FAITH INTO ACTION**

Our mission is about tearing down walls and building bridges. It is about offering hope and transforming lives. It is about serving God by serving others.
