 **Habitat for Humanity®**

FULFILLING OUR PROMISE

Creating Impact

Here at Habitat, we are proud to tell our supporters that, no matter what, WE BUILD. Usually, that statement comes in the face of adversities like snowy weather, construction delays, a small yet mighty staff, but 2020 threw us (and the rest of the world) an unprecedented curve ball. When this happened, we agreed that the most important goal--the buoy in the tumultuous sea--was that we have 8 families counting on us to help them build and buy their own home. Families in the middle of doing "sweat equity" toward this goal.

Our 2020 We Build breakfast will look different this year. We are excited to explore this virtual platform, and we hope that being able to "attend" in your PJs, from the comfort of your home will be an asset, but we need YOUR help to fulfill our promise and make HOME possible for the 8 families who have worked so hard for this opportunity.

We know that this year has been a challenge for everyone, and we really appreciate your consideration of a sponsorship gift to support our work. By joining us as a sponsor, you will help us spread the mission of Habitat for Humanity and help empower our homebuyers who are models of strength, resilience, and persistence to succeed. Home means more now than ever before.

We are honored to have such a grassroots network behind us for this event, because, no matter what, WE BUILD.

Executive Director and CEO, Fort Collins Habitat for Humanity

**Build days may be scheduled in the following year due to current COVID related restrictions. Abby Krstulic, Volunteer Manager, will work with you and your team to determine the best time to get you out on site.*

"Having attended many fundraising events in Northern Colorado, the ones that Fort Collins Habitat for Humanity put on rival many from both the philanthropic as well as entertaining perspective. I've enjoyed attending multiple Habitat events with clients in order to build a more meaningful relationship, and many of them have sought out partnerships with Habitat following. Truly a win-win!"

-Keller Taylor, Spectra Experiences

"We've supported Habitat events for years, and we continue to return as partners because we get great visibility and connections to new partners, while also giving back to the community that we all love so much. It is a favorite event among my staff."

-Steve Taylor, Owner, Hot Corner Concepts
