

### "The Shed" at the ReStore Intern

**About the role:** "The Shed" at the ReStore INTERNS are important because you help this unique boutique store-within-the-ReStore while learning important skills and knowledge within your educational field to increase your permanent job search after graduation. The ReStore's mission is to raise profit toward Habitat for Humanity's mission to build homes, communities and hope. We do this in an environmentally sustainable way that recycles/resells/upcycles products for people's homes.

Intern responsibilities can include all or some of these things:

- Preparing, pricing and staging/merchandising products
- Upcycling products to be sold
- Maximizing social media to bring customers into the store

We are looking for interns who are:

- Dependable, positive, and hardworking
- Creative (have the "it" factor for design)
- Willing to learn within a fast-paced environment

**Time Commitment:** We are flexible and grateful for any time and support you are able to provide for The Shed. Ideally the internship is weekly during a given semester, with days and hours mutually agreed upon. The Shed is currently open Tuesdays – Saturdays, 10 am through 5 pm.

**Compensation:** Internships are unpaid, however we are happy to craft the position in a way to allow for academic credit hours if applicable.

**Interested in this opportunity?** Contact Erika Nossokoff, Shed Manager at the Fort Collins Habitat for Humanity ReStore ([ENossokoff@FortCollinsHabitat.org](mailto:ENossokoff@FortCollinsHabitat.org)) to set up an interview. Training is provided.
